Lutheran High School of San Diego

Service Hours Contract...20 Hours Required/Year

Serve wholeheartedly, as if you were serving the Lord, not men. Ephesians 6: 7

Dear Parents and Students of LHSSD,

The Board of Regents along with the Administration of Lutheran High School has determined each student at Lutheran High School will be required to complete 20 hours of community service during each school year.

The hours completed can be done prior to the start of the school year or during the academic calendar with designated deadlines. The hours will be accounted by Ms. Beyer at each semester's end. Students not completing their service hours will receive an incomplete in their religion class until the hours are completed.

Please get official documentation from the service recipient by having the organization detail your service and please provide it on the organization's letterhead. In addition, they should also include contact information.

Parents are highly discouraged from signing their own student's service hours although we know this is sometimes necessary.

Service Hour's break-down:

- A maximum of 10 hours will be accepted from your home church.
- A minimum of 5 hours is required at Lutheran High School... (You can do 10!)
- The other 5 hours should be done somewhere in your community, neighborhood, homeless shelters, etc.

Service Hour's due Dates: You are welcome to turn in your service hours at any point during the school year.

A Minimum of 10 hours is due on or before, the first Monday in December. Hours are doubled in the event they are not completed.

Final 10 hours are due on or before the first Monday in May. Hours are again doubled if they are not turned in on time. Also, incompletes will be given.

If you have any further questions, please do not hesitate to ask. Thank you for your service to the school and community.

In Christ,

Scott R. Dufresne, Executive Director
